

Arabian angelfish

(*Pomacanthus asfur*)

Fun fact:

These brightly
coloured fish live in
tropical waters
around the world

Lined seahorse

Hippocampus erectus

Fun fact:

Seahorses can interlink their tails to stay grounded and avoid being separated from their mate

Axolotl

Ambystoma mexicanum

Fun Fact:
Axolotl's keep their
larval features, even
once they reach
maturity

Red tailed Catfish

Phractocephalus hemioliopterus

Fun fact:

Their long barbel
whiskers help them
navigate the dark, murky
waters they inhabit
